Installation Instructions

NITEHAWK DOOR SECURITY BRACKET KIT #22022801

PURPOSE: These instruction sheets outline the procedures to install the door security bracket in the NightHawk/NightHawk Export wall mounted Jukebox.

PARTS INCLUDED IN THIS KIT:

PART NO.	DESCRIPTION	QTY
40974801	Bracket - Door Security	1
22022701	These Instructions	1

TOOLS REQUIRED:

- 3/8” Rachet
- 1/4” Hex Socket

INSTALLATION INSTRUCTIONS:

1. Turn off all power to the jukebox.

2. Remove the (7) #8-32 x 5/16 screws that attach the Strike Brackets to the Door Extrusion. See *Figure 1*.

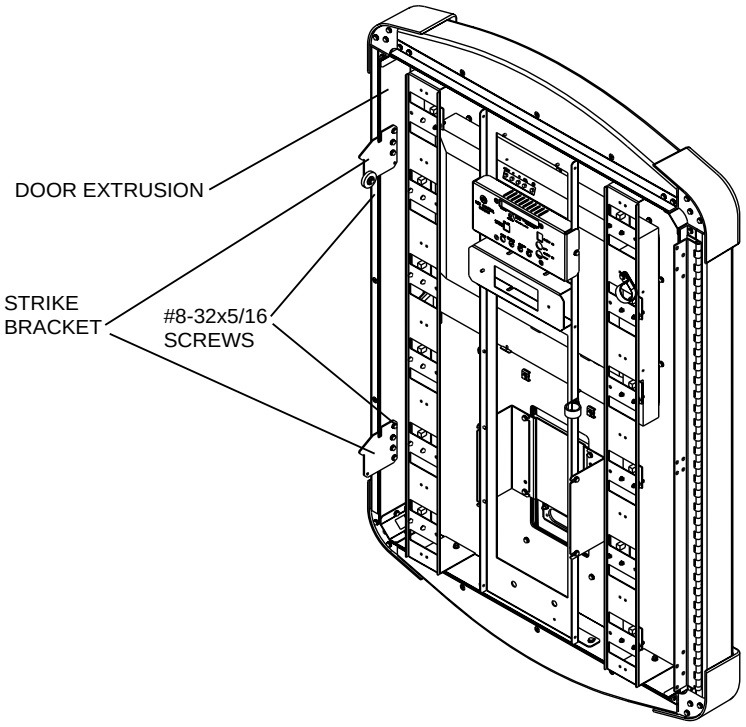

Figure 1

3. Place the Door Security Bracket against the Door Extrusion with the short angle overlapping the front of the Door Extrusion. Line up holes in Security Bracket with holes in Door Extrusion. See *Figure 2*.

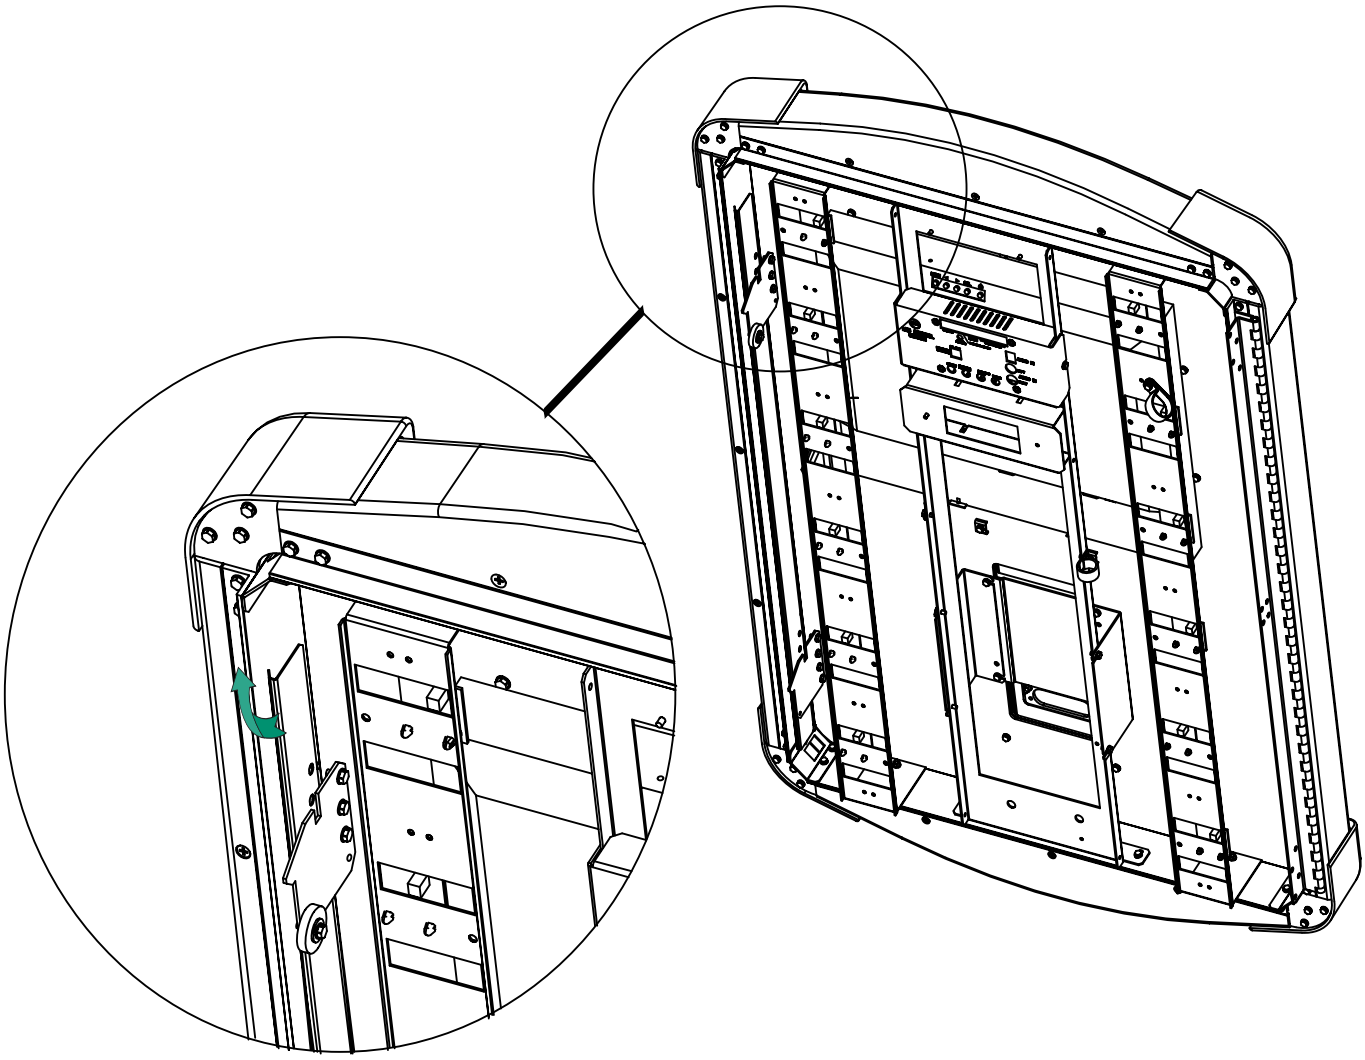

Figure 2

4. Re-attach Strike brackets in original position with the (7) #8-32 x 5/16 screws. Note: Strike bracket with wheel must be in top position. See *Figure 3*.
